

## Music iPad instructions for Ice Monitors

All Club music will be played via the GGBFSC iPad, with music uploaded to [ggbfscmusic@gmail.com](mailto:ggbfscmusic@gmail.com)

The iPad is stored in the safe, located in the Coaches Room. Please ask one of the coaches to retrieve it.

Sarah will coordinate music syncing with the [ggbfscmusic@gmail.com](mailto:ggbfscmusic@gmail.com) uploads. Each skater has their own folder, plus a folder for ice dance music. Please Do NOT change or delete anything. Ask a coach for help as needed.

To play music, use the “IPOD” cord, plugging the dongle in to the end of the iPad

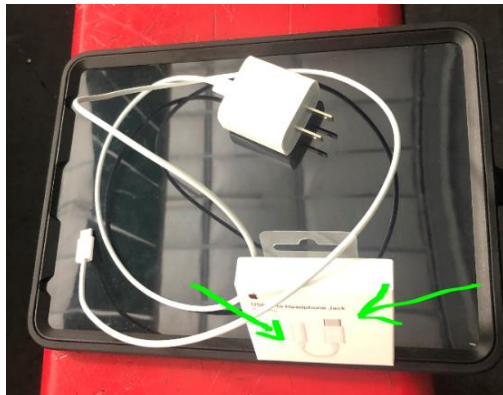

**ALL SKATERS**

Music must be played in the order listed on the session ice roster, with the hope that all skaters will have their music played at least once during the session. Skater #1 first, #2 second, and so on. An exception would be at the request of a Coach. A coach can have one pro call per session, where the coach can ask the monitor to play a skater's music while the coach is in a lesson with that skater. When calling the name of the next skater, please don't be shy, use a loud voice so the skaters can hear.

Please ensure the dongle and iPad are both returned to the coaches for safe keeping at the end of the session, and note to which coach it was given. Be sure to reply to the Directors gmail to get credit for monitoring. Thank you!
