Name Tags - All skaters **MUST** wear name tags! This is how we can tell what class your skater is in and then we can help them get to their classes on time. If you are on the ice, you must wear a nametag.

Concussions and Safe Sport - Unfortunately, concussions happen in many sports. We want you to be aware of the symptoms and be informed about concussions just in case you or your skater gets injured. GGBFSC's website has information for you at: <http://www.greatergreenbayfsc.com/ConcussionParents.pdf>. All Handbooks are on the GGBFSC website forms tab. Thank you for being compliant.

Coaches -We take pride in knowing that our coaches are professionally trained and certified by Learn to Skate USA!!

Specialty Classes will only be available on Saturday mornings and Wednesday evenings in the Summer. Classes will vary by session. You must be registered for a regular class to join a specialty class.

Hockey - The Hockey curriculum is designed to teach the fundamentals of hockey skating. In four badge levels, skaters will learn how to be more proficient and agile on the ice. Proper skating techniques for the game of hockey are the primary focus of the levels. Skaters will learn the basic hockey stance, stride, knee bend, use of edges, and other necessary fundamentals to be successful in hockey practices and game situations.

Synchro - Is your skater interested in trying Synchronized Skating? Skaters Basic 1 and up are invited to sign up to learn basic synchronized skills: lines, wheels, blocks, circles, and more! This is a great opportunity for your skater to continue developing their skating skills while also participating in a team activity. This class will introduce you to our KICKS Synchronized Skating Program! For more information on Synchronized Skating, feel free to check us out on the GGBFSC Website!

Skating Skills & Drills - Join us to learn the introduction to Skating Skills and Drills! In this class, your skater will work on increasing their overall skating skills. This class is a transition to more advanced skating techniques that your skater will develop throughout their skating careers! We will focus on power, balance, strength, and flexibility in relation to skating skills and technique. This class is open to skaters Basic 3 & up.

Private Lessons - Work one-on-one with one of our fabulous Learn to Skate coaches to help your skater pass to the next level. Private lessons are only available on Saturday mornings or Wednesday evenings in the summer.
